

School Plan for Student Achievement (SPSA) Template

The School Plan for Student Achievement (SPSA) is meant to consolidate all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), pursuant to the California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA).

The purpose of the SPSA is to increase the overall effectiveness of the school program by crafting a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement.

The School Site Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications in the plan to reflect changing needs and priorities, as applicable, pursuant to EC 52853(b) and 52855.

California's ESSA State Plan significantly shifts the state's approach to the utilization of federal resources in support of underserved student groups. The SPSA provides schools with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement.

School Vision and Mission

Mission:

César Chávez Elementary Spanish Immersion Program will prepare students to meet the challenges of an interdependent world community by providing a bilingual and multicultural learning environment that enables students to communicate in another language, master all curricular subjects, and develop intercultural understanding and respect.

Vision:

César Chávez Elementary Spanish Language Immersion Program nurtures a vibrant learning community in which students from diverse backgrounds speak, read and write in Spanish and participate in multicultural studies and experiences as part of their education. The Program values diversity, cultivates respect, and thrives on collaboration among students, staff, parents, and the wider community. Committed to continual improvement, the program serves as a model for other language immersion and World Language programs.

School Profile

The DJUSD multi-site Spanish Language Immersion program nurtures a vibrant K-12 learning community in which students from diverse backgrounds speak, read and write in Spanish and participate in multicultural studies and experiences as part of their education.

Program Design

The Spanish Language Immersion Program has been designed to maximize the benefits of multilingual learning for all student participants. An early start, combined with an uninterrupted and extended period of study, leads to high levels of language proficiency. Research shows there are many cognitive, academic, economic, and social benefits of learning a second language. Additionally, there is evidence that immersion education helps close the opportunity gap. Recent DJUSD data support other research that shows multilingual learners have a higher rate of success in immersion education than in the English mainstream classroom. The elementary program is open to students of different backgrounds and abilities from throughout the district. In the early grades, lessons are delivered primarily in Spanish, with additional English Language Development (ELD) instruction for multilingual learners. Instruction in English gradually increases as students progress through the 2nd-6th grades. The K-9 Spanish Language Immersion Program has proven successful. District data show that, overall, program participants perform as well, or better, than students receiving instruction only in English elsewhere in the district. This occurs despite the fact that most of the tests administered to measure achievement are given solely in English. The Spanish Language Immersion Program shall be aligned to state and national standards, including the World Language Standards established by the American Council on the Teaching of Foreign Languages (ACTFL). Alignment to ACTFL learning expectations allows the program to be articulated into a world language proficiency pathway for Spanish. Students are placed in language courses based upon their demonstrated level of proficiency as they transition from elementary school to middle and high school. Since it is beneficial for everyone to have more native Spanish speakers in the classroom, the program shall strengthen its outreach and communication to Spanish-speaking families in the district and continue to provide high quality ELD services to students who need them. DJUSD supports the attainment of the California State Seal of Biliteracy for 12th grade students. César Chávez Elementary School was awarded the California Distinguished Schools Award in 2023. In addition, our Spanish Immersion program aims to support students' language development toward the California State Seal of Biliteracy Pathway.

Program Goals

All students achieve:

1. Bilingualism and Biliteracy: Students develop a high level of oral and written proficiency in both Spanish and English.
2. Academic Excellence: Students achieve academic excellence in all subject areas, meeting or exceeding district and California state standards.
3. Multicultural Understanding: Students develop positive attitudes toward other languages and cultures and demonstrate their ability to appreciate the traditions and values of various cultures in our society and around the world.
4. Pathway Program for the California State Seal of Biliteracy

Program History

The Davis Joint Unified School District's Spanish Language Immersion Program is an elective program open to all students throughout the district. The program began in the 1982-83 school year with one K-1 combination class of 30 students, and has grown and flourished ever since. In 2009 the program served over 800 students, spread over two campuses (one elementary school and one junior high school). This program prepares immersion graduates to pursue higher level classes in Spanish or other languages at the senior high school level. Following French immersion models in Canada, the DJUSD Spanish Language Immersion Program was launched with the goal of creating bilingual students. Initially the program served primarily English speakers. In subsequent years the program has attracted more native Spanish speakers and English learners. While the DJUSD program promotes bilingualism for all students, its design is not as dual or two-way immersion program, in which half the students are English learners who will transition to English language instruction. The Davis program combines features of a maintenance bilingual program for English learners and foreign language immersion for English speakers. The DJUSD will continue to make modifications in its unique Spanish language immersion program model to meet changing conditions and needs. The 2010 Master Plan guides the development of the district's existing language immersion program and lays the groundwork for other language programs that can promote and support multilingualism.

Educational Partner Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

César Chávez Elementary (CCE) School Stakeholder Involvement:

1. CCE School Site Council - Youth Truth Family Survey, i-Ready Diagnostic Data, CAASPP results, CA Dashboard, MTSS Data
2. Leadership, MTSS and PBIS Teams - K-6 Teachers, Specialists, Classified staff - Staff Survey, MTSS Data, SWIS Data
3. CCE English Language Advisory Committee (ELAC) - Needs Assessment
4. CCE Climate Committee - Youth Truth Student Survey
5. CCE Students - Youth Truth Student Survey, California Healthy Kids Survey (5th grade), PBIS Student Surveys, Board of Education Listening Tour

School and Student Performance Data

Student Population

For the past two years, many state and federal accountability requirements were waived or adjusted due to the impact of the COVID-19 pandemic on LEAs, schools, and students. Beginning with the 2021-22 school year, the requirements to hold schools and districts accountable for student outcomes has returned with the release of the 2022 California School Dashboard (Dashboard). The Every Student Succeeds Act is requiring all states to determine schools eligible for support. Similarly, under state law, Assembly Bill (AB) 130, which was signed into law in 2021, mandates the return of the Dashboard using only current year performance data to determine LEAs for support. Therefore, to meet this state requirement, only the 2021-22 school year data will be reported on the 2022 Dashboard for state indicators. (Data for Change [or the difference from prior year] and performance colors will not be reported.)

This section provides information about the school's student population.

2021-22 Student Population

Conclusions based on this data:

- 1. Over 80% of the school enrollment is Hispanic or White.
- 2. Our unduplicated student enrollment is below the district average.

School and Student Performance Data

Overall Performance

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

2022 Fall Dashboard Overall Performance for All Students

Conclusions based on this data:

1. CCE focus area is maintaining "Very High" Academic Performance and "Very Low" Suspension Rates
2. Data from 2021-22 indicates "Medium" Chronic Absenteeism identified as an area for school improvement in spite of the "Very High" Academic Performance outcomes.

Goals, Strategies, & Proposed Expenditures

Goal 1

Subject

21st Century Teaching and Learning

Goal Statement

To improve 21st Century Teaching & Learning for Chávez Elementary Staff and Students

LCAP Goal

Conditions of Learning: All students will experience 21st Century teaching and learning by a rigorous curriculum, conducive learning environments and collaborative staff in a bilingual program.

Basis for this Goal

Student collaboration, project-based learning, civic engagement projects, and technology supports our DJUSD LCAP, Graduate Profile and Spanish Immersion Program goals for bilingualism, biliteracy and biculturalism.

Expected Annual Measurable Outcomes

Metric/Indicator	Baseline	Expected Outcome
Improvement in the percentile for Youth Truth Survey - Student Responses	2022-23 students average responses (2 = sometimes) at or above 25% percentile on the national scale.	To receive student responses at or above the 60th percentile in all categories.
Maintain Grade-Level planning time for collaboration, or project-based learning or Ethnic Studies centered civic engagement units, including grade-level project-based learning presentations, or increase of one project per year connected to curriculum or content with rubric or community panels.	2022-23 Youth-Truth Survey results for Academic Challenge. Number of projects and presentations per student in 2022-23.	To receive student responses at or above the 40th percentile for Academic Rigor; increase in the number of projects or presentations per student.
District Professional Development 1) Number of teachers attending district trainings for Universal Design for Learning, Equity, Ethnic Studies or any pedagogy methods supporting 21st century teaching. 2) Number of hours per month teachers collaborate with coaches.	District Professional Development 1) Opportunities for staff to participate in district and non-district professional development training in the 2022-23 academic school year. 2) Staff presentations during Staff/MTSS or grade-level collaboration meetings.	One or more teachers at each grade level participating/presenting content from Professional Development, and cross-training of other teachers at their grade level.

Planned Strategies/Activities

Strategy/Activity 1

1. Monthly Grade-Level Staff collaboration to discuss specific ways to improve 21st Century learning aligned to CCE and DJUSD strategies and the DJUSD Graduate Profile.
2. Implement 21st Century teaching and learning, Universal Design for Learning, Equity, Ethnic Studies professional development at least one time in the school year.
3. Plan a school-wide 2024 César Chávez Day with student projects, Civic Engagement Project or simulations utilizing César E. Chávez Model Curriculum.
4. Continued implementation of Canvas: Learning Management System to support Classroom Teaching and Learning accessibility.

Goal 2

Subject

Closing the Opportunity Gap

Goal Statement

Students grades 3rd-6th performing below state standards on California Assessment of Student Performance and Progress (CAASPP) assessments will show growth for the 2023-24 school year. Students, grade K-2 will meet grade-level benchmarks in Reading and Math on DJUSD Common Assessments.

1. English Language Development (ELD) Goal - 30% of English Language (EL) students will show growth of one proficiency level; from Level 3 to Level 4.
2. Math - One-quarter of the K-6 students will meet or exceed standards in DJUSD Common Assessments and/or i-Ready Diagnostics during the first Trimester; half of the K-6 students will meet or exceed standards in DJUSD Common Assessments and/or i-Ready during the second Trimester; three-quarters of the K-6 students will meet or exceed standards in DJUSD Common Assessments and/or i-Ready during the third Trimester.
3. Reading - 40% of the K-6 students will meet or exceed standards in DJUSD Common Assessments and/or i-Ready during the first Trimester; 60% of the K-6 will meet or exceed standards in DJUSD Common Assessments and/or i-Ready during the second Trimester; 75% of the K-6 students will meet or exceed standards in DJUSD Common Assessments and/or i-Ready during the third Trimester.
4. Writing - One-quarter of the K-6 students will meet or exceed standards in DJUSD Common Assessments during the first Trimester, half of the K-6 students will meet or exceed standards in DJUSD Common Assessments during the second Trimester; three-quarters of the K-6 students will meet or exceed standards in DJUSD Common Assessments during the third Trimester.
5. Implementation of Multi-Tiered Systems of Support (MTSS) systems will support academic core instruction, universal design for learning (UDL) including behavior systems and interventions to amplify student engagement and achievement.
6. Spanish Language Development (SLD) and ELD will embed ethnic storytelling and Ethnic Studies as a critical interdisciplinary study of race, culture, ethnicity, indigeneity in the United States, and will help focus on the experience and perspective of people of color.

LCAP Goal

All students will benefit from universal design for learning (UDL) and 21st Century instruction under an MTSS framework by utilizing MTSS systems of support, and engaging curriculum and resources guided by staff collaborating on closing the achievement and opportunity gap. MTSS includes universal screenings with a continuous data-based progress monitoring and decision-making framework that supports all students, and improves academic and behavior outcomes for students who may be performing below benchmarks.

Basis for this Goal

Based on 2021-22 CAASPP ELA and Math overall achievement results for all 3rd-6th grade students, approximately 22% are not meeting state standards.

1. The ELPAC is the basis of the EL goal.
2. DJUSD Common Assessments and/or i-Ready are the basis of the math goal.
3. DJUSD Common Assessments and/or i-Ready are the reading goal.
4. DJUSD Common Assessments are the basis of the writing goal.
5. To support Spanish Immersion Core Instruction, Universal Design for Learning with Multi-Tiered Academic and Behavior Systems and Supports.
6. To support Spanish Language Development.
7. To support Cultural Competencies, Culturally Responsive Teaching and Ethnic Studies.

Expected Annual Measurable Outcomes

Metric/Indicator	Baseline	Expected Outcome
1. ELPAC 2023-24 data results; ELPAC 2023-24 Summative Assessment given in the Spring 2024; Benchmark Reading Assessments 2. English Learner (EL) Reclassification Rate	1. English Learner (EL) Student initial score 2. EL Reclassification rate 20%	Every EL student will improve at least one level according to the ELPAC scale (1-4). At least 5 students who are one level away for reclassification will be reclassified at the end of the school year 2023-24. EL Reclassification increases, at least, by 10% the reclassification rate.
CAASPP 2023-24 3rd-6th grade data results	3rd-6th grade student initial ELA/Math scores 2022-23	75% of 3rd- 6th grade students met or exceeded ELA/Math standards for 2023-24.
K-6, Report Card DJUSD Common Assessments	K-6 students initial scores in the Trimester III, 2023	K-6 students initial scores in the Trimester I, 2023 Trimester III, 2024, 75% of K-6 students will show significant progress receiving a 3 or 4 in every area in math, reading and writing in comparison to initial/prior Report Cards.
K-6, i-Ready 2022 Diagnostic Assessment in Trimester III, 2023	K-6, i-Ready Diagnostic Initial Assessment in Fall 2023	Post-2022-23 results demonstrate 83% students perform at Tier I; at or above grade-level in Language Arts and Math. A decrease in Tier III to 2% and Tier II placement to 15%.

Planned Strategies/Activities

Strategy/Activity 1

1. The English language services César Chávez Elementary provides Tier II Supports:
 - a. EL Specialist will support the assessment process of EL students at the beginning and end of the year. Group students according to English proficiency levels for small group instruction within the grade level and adjust throughout the year - Tier II support.
 - b. English Language Development (ELD) will be offered by the classroom teacher and/or the EL specialist in a block schedule so students will not miss other classes or core subjects while learning ELD. Focus on developing reading and writing skills in K-6 - Tier II support
 - c. A minimum of 2.5 hours/week ELD support for English Language (EL) students provided by EL specialist, paraeducator and classroom teachers - Tier II support
 - d. Imagine Learning (K-2) and Reads Naturally (3rd-6th) will be the online English Language Development Digital Curriculum to supplement the English Language Arts and ELD Benchmark curriculum Tier II support.
 - e. EL Specialist and EL Paraeducator will maintain EL student files as required by the State to track student progress.
 - g. Monitor the English and academic progress of all Reclassified Fluent English Proficient (RFEP) students for four years.
 - h. EL Paraeducator role will include Parent Outreach to improve EL Parent engagement.

Goals, Strategies, & Proposed Expenditures

Goal 3

Subject

Safe and Inclusive Environments

Goal Statement

Our school will include all members where cultural and linguistic inclusion is welcomed, and where social-emotional learning and sociocultural competence is supported.

LCAP Goal

All students, classrooms and school communities will be teaching and learning in safe and inclusive environments. All students will have equal opportunity to learn in a culturally relevant and inclusive environment that is physically and emotionally safe (this includes student engagement, parent involvement and school climate).

Basis for this Goal

Multi-Tiered Systems of Support with Positive Behavior Interventions and Supports (PBIS) school wide framework and teaching and learning Social and Emotional Learning (SEL) development with Responsive Classroom amplifies student academic performance and engagement to achieve favorable academic, social, emotional outcomes. School attendance, Youth Truth Student and Family Surveys, English Learner (EL) Parent Outreach with Needs Assessments indicate levels of student and family engagement that support a positive and successful school climate.

Expected Annual Measurable Outcomes

Metric/Indicator	Baseline	Expected Outcome
School Wide Information-System (SWIS) Suite - Positive Behavior Interventions & Supports Online Data System	New PBIS Data SWIS System implementation in 2022-23	To provide data for staff decision-making in 2023-24 to support schoolwide 5-Core Values (CARES) and support Tier I behavior expectations or Tier II/III interventions.
Improvement in the percentile for Youth Truth Survey - Student Responses and Parent Responses for Relationships and Culture and/or percent 3s at or above the typical DJUSD school for Relationships and Culture.	Student Response Rate per year dependent on enrollment; Parent response rate 226 out of 520, 43%	At least 67% of participation rate from every student/parent group. Meet a Satisfaction level of at least 67% in all measurable areas for all student subgroups.
Counselor Report/MTSS Report	Yearly Analysis of Tier I, Tier II, and Tier III supports; i-Ready & SWIS Data	Students are responding to Tiered Interventions utilizing PBIS Check In Check Out (CICO) System Data from SWIS Suite to improve engagement.
Monthly Student Attendance Reports - A2A	Attendance/Engagement Incentives that support Monthly Attendance; A2A Reports less than 10% Unexcused Absence Rate, Chronic Absenteeism is at or less than 10% per month.	Students will attend 95% of school days per month; Chronic Absenteeism is 5% or less per month.

Planned Strategies/Activities

Analysis

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

Implementation of strategies/activities were effectual regarding funding and staffing. CCE school counselor and parent volunteers co-led our Lobos Activos program on Tuesday and Thursday afternoons with three 25-minute rotations in 1st-6th grades: Garden , VAPA, and Counseling. Two grades participated in the three rotations on Tu or Th to allow for teachers to collaborate and plan assessments/lessons/projects from trainings (Ethnic Studies, History-Social Studies, Math and Grading for Equity) they received through the district.

Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.

1st-6th grade teachers collaborated 480 minutes during the school day this academic year while 1st-6th grade students received enrichment and instruction in Environmental Education/Garden (160 min), Visual and Performing Arts (160 min) and additional Social-Emotional Learning lessons with the counselor (160 minutes).

Explain any material differences between the Proposed Expenditures and Estimated Actual Expenditures.

None

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

An increase in supplemental funding by \$950 will allow the Lobos Activos program and the CCE Robotics Club to continue with new materials and resources (Citrus Circuits partnership, UC Davis Bohart Museum, Green School Yard, and VAPA development) to support multilingual-linguistic development and extended learning opportunities outside of the classroom during the school day.

Annual Review and Update

SPSA Year Reviewed: 2022-23

Goal 2

Students grades 3rd-6th performing below state standards on California Assessment of Student Performance and Progress (CAASPP) assessments will show growth for the 2022-23 school year. Students, grade K-2 will meet grade-level benchmarks in Reading and Math on DJUSD Common Assessments.

1. English Language Development (ELD) Goal - 30% of English Language (EL) students will show growth of one proficiency level; from Level 3 to Level 4.
2. Math - One-quarter of the K-6 students will meet or exceed standards in DJUSD Common Assessments and/or i-Ready Diagnostics during the first Trimester; half of the K-6 students will meet or exceed standards in DJUSD Common Assessments and/or i-Ready during the second Trimester; three-quarters of the K-6 students will meet or exceed standards in DJUSD Common Assessments and/or i-Ready during the third Trimester.
3. Reading - 40% of the K-6 students will meet or exceed standards in DJUSD Common Assessments and/or i-Ready during the first Trimester; 60% of the K-6 will meet or exceed standards in DJUSD Common Assessments and/or i-Ready during the second Trimester; 75% of the K-6 students will meet or exceed standards in DJUSD Common Assessments and/or i-Ready during the third Trimester.
4. Writing - One-quarter of the K-6 students will meet or exceed standards in DJUSD Common Assessments during the first Trimester, half of the K-6 students will meet or exceed standards in DJUSD Common Assessments during the second Trimester; three-quarters of the K-6 students will meet or exceed standards in DJUSD Common Assessments during the third Trimester.
5. Implementation of Multi-Tiered Systems of Support (MTSS) systems will support academic core instruction, universal design for learning (UDL) including behavior systems and interventions to amplify student engagement and achievement.
6. Spanish Language Development (SLD) and ELD will embed ethnic storytelling and Ethnic Studies as a critical interdisciplinary study of race, culture, ethnicity, indigeneity in the United States, and will help focus on the experience and perspective of people of color.

Annual Measurable Outcomes

Metric/Indicator	Expected Outcomes	Actual Outcomes
1. ELPAC 2022-23 data results; ELPAC 2022-23 Summative Assessment given in the Spring 2023; Benchmark Reading Assessments; Rigby K-2. 2. English Learner (EL) Reclassification Rate	Every EL student will improve at least one level according to the ELPAC scale (1-4). At least 5 students who are one level away for reclassification will be reclassified at the end of the school year 2022-23. EL Reclassification increase, at least, by 10% the reclassification rate.	Spring April 2023 ELAC assessments underway.
CAASPP 2022-23 3rd-6th grade data results	75% of 3rd- 6th grade students met or exceeded ELA/Math standards for 2022-2023.	3rd-6th grade CAASPP Testing scheduled for May.
K-6, Report Card DJUSD Common Assessments	Trimester III, 2023, 75% of K-6 student will show significant progress receiving a 3 or 4 in every area in math, reading and writing in comparison to initial/prior Report Cards.	K-6 Trimester III Report Cards due on June 5th, 2023.

Metric/Indicator	Expected Outcomes	Actual Outcomes
K-6, i-Ready 2022 Diagnostic Assessment in Trimester III, 2023	Post-2022-23 results demonstrate 83% students perform at Tier I; at or above grade-level in Language Arts and Math. A decrease in Tier III to 2% and Tier II placement to 15%.	K-6, i-Ready 2023 Diagnostic #3 Assessment underway April-May 2023.

Goal 3

Our school will include all members where cultural and linguistic inclusion is welcomed, and where social-emotional learning and sociocultural competence is supported.

Annual Measurable Outcomes

Metric/Indicator	Expected Outcomes	Actual Outcomes
School Wide Information-System (SWIS) Suite - Positive Behavior Interventions & Supports Online Data System	To provide data for staff decision-making in 2022-23 to support schoolwide 5-Core Values (CARES) and support Tier I behavior expectations or Tier II/III interventions.	SWIS Data driven schoolwide systems change to improve student CARES expectations at designated zones with Office Referral Form Data. Monthly CARES Assemblies and Gotcha Ticket recognition systems implemented.
Improvement in the percentile for Youth Truth Survey - Student Responses and Parent Responses for Relationships and Culture and/or percent 3s at or above the typical DJUSD school for Relationships and Culture.	At least 67% of participation rate from every student/parent group. Meet a Satisfaction level of at least 67% in all measurable areas for all student subgroups.	91% of Student Participation in 2022 Youth Truth; 75% Parent Participation in 2022-23 Youth Truth Family Survey. Student Data rated Engagement 79% Satisfaction and 71% Satisfaction level in all measurable areas in the Family Survey.
Counselor Report/MTSS Report	Students are responding to Tiered Interventions utilizing PBIS Check In Check Out (CICO) System Data from SWIS Suite to improve positive engagement.	Students responded to CARES Recognition systems demonstrating CARES core values monthly.
Monthly Student Attendance Reports - A2A	Students will attend 95% of school days per month; Chronic Absenteeism is 5% or less per month.	Student daily average attendance decreased by 11% August-April, while Chronic Absenteeism maintained at 6% between August-April.

Analysis

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

Implementation of strategies/activities were effectual regarding funding and staffing. Parent volunteers and UC Davis interns were needed to support Alternative Recess Activities. PBIS Tier II Check-In-Check-Out system was not fully implemented though will be the focus for development in 2023-24.

Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.

CCE CARES Recognition systems and PBIS Tier I interventions have improved positive school climate and culture with expected behaviors. SWIS Data shows that Tier II systems, such as CICO, still needs to support 6% of students in Tier II. Youth Truth Student Data continues to show high percentages of satisfaction with high ratings in Engagement and Relationships. Youth Truth Family Data demonstrated 71% satisfaction level in all measurable areas in the Family Survey.

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 4 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members

Name of Members	Role
Veronica Dunn	Principal
Dahlia Garas	Parent or Community Member
Matt Moore	Parent or Community Member
Stephanie Saunders	Parent or Community Member
David Silbaugh	Parent or Community Member
Amber Whitmer	Parent or Community Member
Gigi Bugsch/Kaitlin Post	Classroom Teacher
Ava Cain	Classroom Teacher
Lisa McClintock	Classroom Teacher
Marta Rodriguez	Classroom Teacher
Daniela Loyola	Other School Staff

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

English Learner Advisory Committee

Other: School Climate Committee, Judy Wong-Chen

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on April 26, 2023.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. As such, the SPSA should be shared with, and schools should request input from, school site-level advisory groups, as applicable (e.g., English Learner Advisory Councils, student advisory groups, etc.).

Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

Goals, Strategies, & Proposed Expenditures

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve? A school may number the goals using the "Goal #" for ease of reference.

Basis for this Goal

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, and may include any data voluntarily developed by districts to measure pupil achievement.

Expected Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to be make in the coming year.

Planned Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. Strategies and activities that are implemented to achieve the identified goal may be grouped together. A school may number the strategy/activity using the "Strategy/Activity #" for ease of reference.

A school receiving funds allocated through the ConApp is required to describe in their strategies and activities how they will address specific state and federal requirements. A list of these requirements may be found in Appendix A: Plan Requirements for Schools Funded Through the ConApp. At a minimum a school receiving funds allocated through the ConApp must address these requirements; however, a school may describe additional strategies/activities as well.

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating “All Students” or listing one or more specific student group(s) to be served.

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list and describe the proposed expenditures for the school year to implement these strategies/activities, including where those expenditures can be found in the school’s budget. The school should reference all fund sources for each proposed expenditure and should provide budget references as an object code or an object code description.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA.

Annual Review and Update

The planned goals, expected outcomes, planned strategies/activities, and proposed expenditures must be copied verbatim from the previous year’s approved SPSA. Minor typographical errors may be corrected.

Annual Measurable Outcomes

For each goal in the prior year, provide the metric/indicators, the expected outcomes, and the actual outcomes; review the actual outcomes as compared to the expected outcomes identified in the prior year for the goal.

Strategies/Activities

Identify the planned strategies/activities and the proposed expenditures to implement these strategies/activities toward achieving the described goal, then identify the actual strategies/activities implemented to meet the described goal and the estimated actual expenditures to implement the strategies/activities. As applicable, identify any changes to the student groups served.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the strategies/activities to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
- Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.
- Explain any material differences between Proposed Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

Budget Summary and Consolidation

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp. The Consolidation of Funds is required for a school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- **Total Funds Provided to the School Through the Consolidated Application:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school may include additional information or more detail.

Consolidation of Funds

A school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program is required to include a list of state and local programs and other federal programs that the school will consolidate in the schoolwide program. A list of commonly consolidated state and federal programs is provided in Appendix B: Select State and Federal Programs. List the federal funding source(s) and the amount(s) being consolidated in the schoolwide program, then list the state and/or local funding source(s) and the amount(s). Adjust the table as needed.

Appendix A: Plan Requirements for Schools Funded Through the ConApp

Basic Plan Requirements

A school receiving funds allocated through the ConApp is required to develop a SPSA. The content of a SPSA must be aligned with school goals for improving student achievement. School goals must be based upon an analysis of verifiable state data and may include any data voluntarily developed by districts to measure student achievement.

The SSC is required to develop the SPSA, which must address each of the following, as applicable:

1. A description of curricula, instructional strategies and materials responsive to the individual needs and learning styles of each student (described in the Strategies/Activities).
2. A description of instructional and auxiliary services to meet the special needs of non-English-speaking or limited-English-speaking students, including instruction in a language these students understand; educationally disadvantaged students; gifted and talented students; and students with exceptional needs (described in the Strategies/Activities).
3. A description of a staff development program for teachers, other school personnel, paraprofessionals, and volunteers, including those participating in special programs (described in the Strategies/Activities).
4. An identification of the schools' means of evaluating progress toward accomplishing its goals (described in the Expected Annual Measurable Outcomes) and an ongoing evaluation of the educational program of the school (described in the Annual Review and Update).
5. A description of how funds provided to the school through the ConApp will be used to improve the academic performance of all pupils to the level of state performance goals (described in the Proposed Expenditures for Strategies/Activities).
6. The proposed expenditures of funds available to the school through the programs described in EC Section 52851. For purposes of this subdivision, proposed expenditures of funds available to the school must include, but not be limited to, salaries and staff benefits for persons providing services for those programs (described in the Proposed Expenditures for Strategies/Activities).
7. The proposed expenditure of funds available to the school through the federal Improving America's Schools Act of 1994 and its amendments. If the school operates a state-approved schoolwide program in a manner consistent with the expenditure of funds available to the school pursuant to EC Section 52851, employees of the schoolwide program may be deemed funded by a single cost objective.
8. A description of how state and federal law governing programs identified in EC Section 64000 will be implemented, as applicable (described in the Strategies/Activities).
9. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC.

Authority cited: EC sections 64001(f)-(g) and 52853(a)(1)-(7).

Schoolwide Program Requirements

A school receiving funds allocated through the ConApp and operating a schoolwide program (SWP) must describe how the school will carry out each of the following components:

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will
 - a. provide opportunities for all students, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners, to meet the challenging state academic standards.
 - b. use effective methods and instructional strategies based on scientifically based research that
 - i. strengthen the core academic program in the school;
 - ii. provide an enriched and accelerated curriculum;
 - iii. increase the amount and quality of learning time;
 - iv. include strategies for meeting the educational needs of historically underserved populations;
 - v. help provide an enriched and accelerated curriculum; and
 - vi. are consistent with, and are designed to implement, state and local improvement plans, if any.
 - c. address the needs of all students in the school, but particularly the needs of those at risk of not meeting the challenging state academic standards, through activities which may include the following:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
2. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
3. A description of how the school will ensure instruction by highly qualified teachers and provide ongoing professional development, including
 - a. strategies to attract highly qualified teachers;
 - b. providing high-quality and ongoing professional development that is aligned with the state's academic standards for teachers, principals, paraprofessionals and, if appropriate, pupil services personnel, parents, and other staff, to enable all students in the school to meet the state's academic standards;
 - c. the devotion of sufficient resources to effectively carry out professional development activities; and
 - d. the inclusion of teachers in professional development activities regarding the use of academic assessments to enable them to provide information on, and to improve, the achievement of individual students and the overall instructional program.
4. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
5. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
 - a. Ensure that those students' difficulties are identified on a timely basis; and
 - b. Provide sufficient information on which to base effective assistance to those students.
6. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
7. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
